

FY21 Member State Data

As a result of task force teams formed to implement the Association’s strategic plan, program information and data from member states has been updated and expanded through FY21.

Acreage, revenue, distribution and beneficiary information has been assembled from the majority of member states. This is a critical tool in helping to communicate the States’ collective trust responsibilities and impact on education funding.

NASTL - FY21 State Data Report

Governance	
Alaska DNR	Not provided
Alaska MHT	The Alaska Mental Health Trust Authority is a corporation of the state but a 7 member board of trustees determines the management and use of Trust funds. These trustees are appointed by the Governor and confirmed by the Legislature. The Trustees are non-state employees selected for either finance, resource management, or health program management experience or some combination of the above. The Trustees approve use of trust funds for administrative costs, land management, program staff, grants, use on mental health initiatives, including paying part of state department operating funds that further the care and treatment of mental health beneficiaries. This is in alignment with the Comprehensive Integrated Mental Health Services plan. The Legislature also approves budgets approved by the board of trustees submitted through the state budget process. The Executive Director has full authority to manage trust lands for the Trust Authority, but must seek budgetary approvals for operational budgets and special projects and must consult with the board of trustees before taking any permanent disposal action on trust lands.
Arizona	State Land Commissioner, Board of Appeals (five members, appointed to six-year terms by the Governor).
Arkansas	No Board, we are a state constitutional office
California	
Colorado	Five member board appointed by the Governor; must come from specific areas of expertise; no more than 3 from a single political party
Idaho	Governor, Secretary of State, Attorney General, Superintendent of Public Instruction and State Controller
Louisiana	
Minnesota	Executive Council (5 constitutional officers, approval required for mineral leasing)
	MN State Board of Investment (financial asset manager)
	Land Exchange Board (3 constitutional officers, unanimous approval required for land exchanges)
	MN Dept. of Natural Resources (natural resource manager)
	Office of School Trust Lands (School Trust advisors to executive and legislative branches)
	Permanent School Fund Commission (legislative body recommends statutory changes for the "provident utilization" of school trust assets)
Mississippi	
Montana	Montana's five top elected officials; Governor, Attorney General, Commissioner of Securities and Insurance, Secretary of State, Superintendent of Public Instruction
New Mexico	Commissioner of Public Lands has sole executive authority over state trust lands
Nevada	NA
North Dakota	Governor, Attorney General, Secretary of State, State Treasurer, State Superintendent of Public Instruction
Oklahoma	Governor (Chair), Lt. Governor, State Superintendent, State Auditor, Secretary of Agriculture

NASTL - FY21 State Data Report

Oregon	Governor, Secretary of State, State Treasurer
South Dakota	Elected Commissioner
Texas	The School Land Board - The GLO Commissioner serves as chairman with four Governor's appointees
Utah	Seven-member Board of Trustees, selected by committee and approved by the Governor. https://le.utah.gov/xcode/Title53C/Chapter1/53C-1-S202.html (Effective 1/1/2021)
Washington	The Board of Natural Resources composition is established by RCW 43.30.205 and consists of six members: Commissioner of Public Lands, Governor or their designee, Superintendent of Public Instruction, Director of University of Washington, Dean of Washington State University, and a representative for the timber counties. The purpose of the Board is outlined in RCW 43.30.215. Their duties involve appraisal, appeal, approval and hearing functions. The Board also sets policy for the Department in regards to its function for managing, acquiring, and disposing of land under the Departments jurisdiction.
Wisconsin	
Wyoming	Governor, Secretary of State, State Auditor, State Treasurer, Superintendent of Public Instruction

Washington	County Trusts 19.8%, Agricultural School Trust 2.3%, University and other public institutions 14.2% (by land base of non-sovereign land)
Wisconsin	
Wyoming	Ag College/Fish Hatchery/Life Resource Center/Miners Hospital/Penitentiary/Public buildings/State Home for the Deaf/State Hospital/State, Penal, Reform and Education Institutions/University of Wyoming

NASTL - FY21 State Data Report

Acreage and Primary Earning Asset			
	Surface Acres	Mineral Acres	Primary Earning Assets
Alaska DNR	110,000,000		Unlike previous land grants, the vast majority of Alaska's lands were given to the state without any special restrictions on the revenue uses.
Alaska MHT	1,000,000		
Arizona	9,215,392	9,000,000	
Arkansas			The Arkansas Commissioner of State Lands office differs from others in that its primary responsibility is to oversee the disposition of tax delinquent property. The goal is to return parcels to tax generating status; also permanent chairman of natural resource committee that approves mineral leases on the property; funds go to general state treasury or state agency that owns lands.
California			
Colorado	2,800,000	4,000,000	Mineral (70% of lease revenue from the past 10 years comes from oil and gas)
Idaho	2,500,000	3,400,000	Timber
Louisiana			Section 16 lands are controlled and managed by each school district in every parish
Minnesota	2,500,000		Includes 1M acres Subsurface (Mineral royalties > 90% of annual revenues)
Mississippi			
Montana	5,200,000	6,200,000	Timber, Ag, Grazing, Minerals
New Mexico	9,000,000	12,700,000	Royalties from O/G Development
Nevada	3,000		Court fines and penalties/ Annual Use Fees/Copy Fees
North Dakota	706,000	2,500,000	Oil and gas royalties and bonus, investment income, tax revenue
Oklahoma	750,000	1,112,000	Land leases, mineral leases, investment portfolio
Oregon	776,000	766,700	Mineral and energy resources
South Dakota	760,442	5,200,000	Mineral lease production/Wind easements and turbines on state land
Texas	613,244	13,200,000	Oil, Natural Gas, NGLs
Utah	3,400,000	4,400,000	Planning and Development
Washington	3,131,867		2,213,642 – Federally Granted Land acres, 71,151 – Agriculture School Trust acres, 619,467 – State Forest Land acres, 228,525 – Other. Primary asset timber.
Wisconsin			
Wyoming	3,500,000	3,900,000	Mineral Leasing and royalties (oil and gas)
TOTALS	155,855,945	66,378,700	

NASTL - FY21 State Data Report

Other Earning Assets from Trust Lands	
Alaska DNR	Oil and Gas/Timber/Minerals
Alaska MHT	Oil and Gas/Timber/Minerals/Real Estate
Arizona	Agriculture and Grazing/Oil and Gas/Mining of Coal and Minerals/Commercial Leases/Land Sales for Commercial and Residential Development
Arkansas	NA
California	
Colorado	Commercial Building/Water
Idaho	Cottage sites/Residential and Commercial Real Estate/Military/Industrial/Grazing/Farming/Conservation/Recreation/Mineral/Oil and Gas/Communication Sites/ROW and Easements/Land Sales
Louisiana	Surface and Sub-surface Leasing/Issuance of Rights-of-way and Surface and Subsurface Agreements/Water Bottoms Permitting
Minnesota	Mineral Leases/Timber Sales/Surface Leases/Utility Licenses/Easements/Sale of Land/State Forest Campground Fees
Mississippi	
Montana	Real Estate
New Mexico	Grazing/Commercial Business Development/Renewable Energy/Oil and Gas Lease Sales and Bonus Payments/Outdoor Recreation/Right of Way Easements
Nevada	Investment Interest
North Dakota	Coal Leasing/Grazing Rents/Easements and Rights-of-Way/Damages/Penalties and Interest

Wisconsin	
Wyoming	Grazing Leases/Timber Sales/Real Estate Sales/Easements and Temporary and Special Use Permits/Wind Leases/Surface Impact Payments/Other Mineral Leases

NASTL - FY21 State Data Report

Sovereign Land Acres		
Alaska DNR	160 million acres of uplands, tidelands, shore lands, and submerged lands	160,000,000
Alaska MTH		0
Arizona	Centerline of the Colorado riverbed to the Ordinary High Water Mark on the Arizona river bank acreage is unknown as coordination and study with other state and ground-truth incomplete. Also subject to avulsion and accretion.	0
Arkansas	Corps of Engineers deem 2,517 river miles as navigable waterways; Court cases have identified additional and significantly more lands as navigable, however comprehensive inventory is not known.	2,517
California		
Colorado	Nontrust property	26
Idaho	2016 Estimate (At any time, the State of Idaho may determine through court action or some other means that additional lakes and rivers may be declared navigable for title purposes.)	270,347
Louisiana	A statewide inventory of state-claimed water bottoms has been completed but is constantly changing due to erosion, accretion, etc.	6,864,146
Minnesota	The MN DNR manages 5.6 million acres of land, including 2.5 million acres of school trust land	5,600,000
Mississippi		
Montana	210,000 (The state owns those lands below the low-water mark, islands and their accretions formed in the riverbeds after statehood, and certain abandoned channels formed by avulsion)	210,000
New Mexico		0
Nevada	Bodies of water considered to be navigable (<i>Lake Tahoe, Washoe Lake, Walker Lake, Truckee River, Carson River, Colorado River, Virgin River</i>)/State ownership is to the ordinary high water mark and permanent high water mark.	90,425
North Dakota	770,000 oil and gas mineral acres, separate from state trust mineral acres	770,000
Oklahoma	NA	
Oregon	1.26 million waterway acres	1,260,000
South Dakota	meandered lakes	159,699
Texas	Includes gulf, bays, unsold state fee, lakes, surface acquired, judgments	4,662,621
Utah	Managed by the Division of Forestry, Fire & State Lands within the Dept. of Natural Resources. Lands lying below the OHWM (Utah Lake, Great Salt Lake, Bear Lake in Utah, Jordan River, and portions of the Green River, Colorado River and Bear River).	0
Washington	Acquatic lands	
Wisconsin		
Wyoming	Currently undecided on use of navigable land	
TOTAL		179,889,781
